VOL. XXVIII.—EIGHTEENTH YEAR. RICHMOND, CONTRA COSTA COUNTY, CAL., —TUESDAY, FEBRUARY 12, 1918. NUMBER 23.

BIG BATTLE IMPENDING ON WESTERN FRONT SOON SAY ALLIES

The following statement is given out to the afternoon papers by the Associated Press today:

On the western front, where Germany is massing her forces to crush the entente, there are signs of growing alertness, portending the battles to come. The weather has improved and on some parts of the British front the ground is in condition for military operations on a larger scale than for several months. German forces and guns are still pouring into France opposite the British lines, but the British are reported confident, the preponderance of men and guns being still with the allies.

Raids are increasing in intensity and the artillery fire is becoming more violent along important sectors. In an attack aganst Caurieres Wood, northeast of Verdun, the French repulsed the Germans with loss. On the Italian front the Austrians have failed in attempts against the position west of the Brenta captured recently by the Italians.

FOE AIRCRAFT BUSY

WITH THE AMERICAN ARMY IN FRANCE, Monday, Feb. 11—It was bright and clear today and a considerable number of aircraft was over the American sector. The enemy machines were busy taking photographs and making observations, and a number of air fights resulted. One group of three enemy airplanes flew so low that they became targets for anti-aircraft and machine guns and were driven off.

The artillery continued active on both sides. The enemy dropped shells into a number of villages behind the American lines, and the American artillerymen replied. Only one man was reported wounded during the past twenty-four hours. He was injured by a bursting shell in a village behind the lines.

Several American patrols reduced the enemy wire entanglements last night without encountering any Germans.

NO MORE TRANSFERS FOR DRAFT REGISTRANTS

According to instructions which have been received by Local Exemption Boards there are to be no more transfers of registrants from the jurisdiction of their home board to the board at the place where they are living for physical examinations. In case where men request transfers they are to be instructed to report for examination before the nearest medical advisory board, their cases in other respects being determined by their home board.

ILALIANS SHATTER GERMAN HOSTS

ROME, Feb. 12—The Austrians yesterday renewed their attacks on the northern front west of the Brenta River, but were held in check by the Italians.

The Austrian columns were torn to pieces by the Italian artillery and the attacks were stopped, says today's official statement.

WILL CARRY MAIL FROM WASHINGTON TO NEW YORK IN HIGH POWERED AIROPLANE

WASHINGTON, Feb. 12—An aeroplane mail service between Washington and New York, with a round trip service a day, will be put into effect within a few weeks, according to plans announced today by Postmaster General Burleson. His department introduced a call for bids for constructing and furnishing five aeroplanes to be used and it is expected the service will be opened February 21, and the contract will be awarded to the bidder whose machines stand satisfactory service tests in the War and Navy departments. The machines must be capable of carrying 300 pounds of mail matter a distance of not less than 200 miles without stop, at a maximum speed of 100 miles, a minimum speed of forty-five miles, and a climbing speed of 6,000 feet in ten minutes.

For the transmission of mail over this route a special postage rate will be charged, not exceeding 25 cents per ounce or fraction thereof. Regular schedule time will be observed.

Burleson said it is to remain a permanent service.

PEACE BETWEEN RUSSIA AND CENTRAL POWERS CONFORMED

LONDON, Feb. 12—Confirmation of German report that Russia has withdrawn from the war is contained in an official Russian statement received here today.

The statement says Russia declares the war with Germany, Austria-Hungary, Turkey and Bulgaria to have ended, Russian troops simultaneously receiving an order for complete demobilization on all fronts. For the defense of the frontier some detachments of younger soldiers will be left.

The negotiations of peace with the central powers have been ended, the statement says. The Russian delegation refused to sign a treatly providing for annexations by Germany. Nevertheless, Russia will not continue the war with the Germans and Austrians, "workmen and peasants, like ourselves."

Although this announcement was made yesterday in several dispatches from German sources, this is the first word from Russia regarding her withdrawal from the war.

IMPROVEMENT CLUB ARRANGES FOR DANCE

The South Richmond Improvement Club will hold its regular weekly meeting tomorrow afternoon at 2 o'clock sharp at the home of Mrs. H. I. Woods, 318 South Fifth treet.

The club is planning on giving a dance at Bank Hall on the evening of the 2nd of March, for the benefit of the building fund of the organization. The committee appointed by the president of the club to arrange for the event is sure those who attend will be delighted with the entrainment provided.

RICHMOND WILL JOIN ATTEMPT TO COMBAT H. C. L.

Mrs. Cleverdon, chairman of the league organized in Berkeley to combat the high cost of living and to clip the huge returns of the profiteers appeared before the council last night to secure the co-operation of the people of this city in an effort to squelch the fish trust, so the price of that commodity can be brought down within the reach of the ordinary householder.

According to Mrs. Cleverdon's theory the East Bay cities should purchase fishing boats and hire men to man them, thus bringing the catch direct from the ocean to the tables of the people at actual cost.

The idea appealed to the councilmen and they appointed a committee consisting of J. B. Ogborn, councilman, as chairman and the following to assist him: Mrs. Katherine Smith, R. W. Ames and George T. Loher.

The duty of this committee will be to confer with similar committees from the other East Bay cities to reach a conclusion as to the best methods to be followed to gain the desired end.

In a recent statement made by Harris Weinstock, market director for California, Mrs. Cleverdon's idea regarding the catching of fish to sell direct to the people is one impossible to carry out in a practcal manner. He says the fish catch is scarce at certain seasons of the year, which accounts for the high prices prevailing at this time, while there are other seasons when the catch is plentiful which brings the price down, but if this is true why can you buy salmon on Puget Sound at the present time at 9 cents per pound, while in California the current quotation retail is 30 cents per pound?

Here is a matter for Mr. Weinstock to grapple with and if he can offer the people of California a logical explanation for this phenomena they will be glad to hear from him.

JUSTICE OF PEACE AT SAN PABLO IS STRICKEN

The many friends of Judge Chichester, of San Pablo will be grieved to learn that the veteran justice of the peace suffered a stroke of paralysis yesterday afternoon and is now lying at his home in San Pablo helpless with very small chances for recovery.

The stroke came on unexpected, as the judge has been enjoying his usual good health up to the time of being ill. He is 72 years of age and this counts against any chances he might otherwise have for recovery. Judge Chichester's wife suffered a stroke of paralysis two years ago and is still lying helpless at their home from the malady.

TIME FOR FILING INCOME TAX IS EXTENDED BY GOVERNMENT

SAN FRANCISCO, Feb. 12.—Collector of Internal Revenue Justus S. Wardell early today received the following telegram from Daniel C. Roper, Commissioner of Internal Revenue, in Washington.

"Treasury decision 2650 issued today extends the time for filing all income and excess profit tax returns, including information at the source, to April 1st."

Commissioner Roper made it clear, however, that all taxes for the year 1917 must be paid by June 15, in accordance with the originally announced schedule.

With less than 10,000 of the 175,000 persons in this district affected by the individual income tax features of the new War Revenue Act having filed their returns, Collector Wardell said it would have been a physical impossibility for his office to have handled the avalanche of statements which would have come at the eleventh hour had the deadline remained at March 1.

Collector Wardell stated, however that no further extension can be granted and that the people affected by the income and excess profit tax should not presume upon the present exclusion, but should meet the requirements of the law at once and avoid confusion later on. The Collector further stated that the branch offices in the larger cities and the field deputies in the industrial, farming and mining districts would be maintained and that every opportunity would be afforded the public to comply with their loyal and just obligation to the Government in the present stress of war.

ROOSEVELT RESTING EASY TODAY IS REPORT

NEW YORK, Feb. 12—Theodore Roosevelt passed a fairly comfortable night and was resting easily this morning, it was stated at the Roosevelt Hospital, where he underwent operations last week because of abscesses in his ears.

A bulletin issued at noon says:

"Colonel Roosevelt had a comfortable night and his condition is improving. His temeperature and pulse are normal and at present there is nothing to indicate further operation."

Lest all days to come be soulless and spineless.

NEW WAGE SCALE IS CONSIDERED BY MERCHANTS

At the meeting of the Richmond Merchants association, held last evening there was a large attendance present, President L. Garfinkle presided.

New instructions from the food administration at Washington were read and discussed. One very important section provides that all food dealers must secure a license by the 14th of this month.

A new wage scale that is being negotiated with the Clerks union was discussed very thoroughly, and action taken on the hours the merchants desire to keep open, and the wages that are to be paid their help.

REPORTED LINCOLN'S FAMOUS GETTYSBURG SPEECH

A Richmond resident, H. M. Irwin, retired publisher of 402 Richmond avenue, claims to be the only surviving newspaper reporter who reported Abraham Lincoln's famous Gettysburg memorial oration, delivered November 19, 1863. Irwin says that the country at the time did not thing much of this gem of oratory and it was only after the people had closely read Lincoln's speech in the papers next day that its worth was appreciated.

AUTO STAGE WILL CONNECT BAY CITIES

Oakland, Richmond, and Martinez may soon be connected by an auto stage if the application before the State Railroad Commission, made by Fred V. Fish, Walter Williams and Albert Piegronave, is granted.

They wish to establish a stage line between the two points, with intermediate stops, which they say are not now made by the railroads. The fare will be 90 cents and $1.70 for the round trip.

DANCE FOR YOUNG PEOPLE AT CLUB HOUSE

The regular Tuesday night dance for the young people will take place tonight at the Richmond clubhouse and those who attend can be assured they will be treated to a pleasant evening. Club ladies will be present to act as chaperons and everything possible will be done to make the guests feel at home.

BIG MEETING IS PLANNED FOR WAR SERVICE LEAGUE

The chief speaker at the War Service League meeting which will be held Thursday evening at Lincoln Auditorium will be Corporal I. Okno, late of the Russian army, who is making a tour of the United States to tell the people here something regarding his country and its wonderful transformation since the declaration of war in 1914. Corporal Okno was wounded and discharged for disability, after taking part in all the leading engagements on the Eastern front. He is a logical and forceful talker and has much to say to the people which will be of great interest. Other speakers will be Mayor Lane, Rev. Frank Linder, pastor of the Methodist Episcopal church, J. H. Lafferty, of Oakland.

The Italian Band has been engaged for the evening and will furnish the music for the occasion. The gavel will fall and the meeting come to order at 8 o'clock sharp.

STUDENTS HEAR PATRIOTIC TALKS BY VETERANS

According to usual custom the members of the Grand army of the Republic observed Lincoln's birthday today by visiting the public schools of the city and making patriotic talks to the children. The exercises were in charge of members of the Women's Auxiliary of the G. A. R. and those assigned to the several schools were: Mrs. Mary Moyle, Washington and Nystrom schools; Mrs. Julia Hyatt, Grant and Peres schools; Mrs. Joella Bonham, Fairmont, Stege and Pullman schools.

Following the exercises at the other schools, all the members of the two organizations met at the Lincoln school auditorium at 11 o'clock and held patriotic services. At 2 o'clock a service flag ceremony was held in the auditorium of the high school.

WAY IS PAVED FOR PEACE BY WILSON SAY DIPLOMATS

LONDON, Feb. 12 — The Daily News believes that it was not an accident that President Wilson's reply to Von Hertling and Count Czernin was delivered on the eve of a new session of The British Parliament and thinks that its significance will not be lost on the House of Commons in view of conditions which "arise generally from the gravity of national affairs and specifically from the vague and disquieting situation created by the last Versailles conference with its menacing suggestions of another reaction in the direction of a knock-out blow."

WASHINGTON, Feb. 12—Actual peace negotiations of a new type and on a far greater scale than heretofore known are seen by old school diplomats in the recent series of addresses by spokesmen of the warring nations outlining terms.

Although President Wilson's latest address to Congress is regarded as a clear reiteration of America's determination to continue to fight until the military masters of Germany are ready to consider peace on the principles of justice it was pointed out negotiations on a vast scale really are going on.

These "extra official" negotiations, as they are called by diplomats, depart radically from the ancient and accepted practices of diplomacy.

Instead of being conducted in the secrecy of round table conference, which was the aim of the central powers in the early stages of the war, the great issues are now being expounded and critically analyzed in the light of publicity and the world's forum.

ASH WEDNESDAY SERVICE

Trinity Episcopal church will hold an Ash Wednesday Service at the church at 11 A. M., Wednesday. The ladies' guild will meet on Thursday at 2 P. M., at the home of Mrs. O. T. Miller, 449 1st street.

DID YOU PAY THAT BILL?

Of course you did—you are sure of that. But how are you going to convince the tradesman that you have? He overlooked the matter of making a record of the payment, when it was made, and has since forgotten it. You have lost or mislaid the receipted bill and face the matter of paying it again or have a lingering doubt as to your honesty established in the mind of the storekeeper.

You can avoid all this unpleasantness by paying your bills by check. Your check stub is an everlasting receipt. Come down to this bank NOW and stop this source of worry and trouble by opening a checking account.

THE MECHANICS BANK

"At the Sign of the Clock"

Don't Neglect a Cold Stop It NOW!

The necessity for prompt treatment of a cold cannot be too strongly emphasized.

Every day's neglect gives the cold-germs a stronger foothold on the weakened system, and decreases the likelihood of a quick recovery. Unless the cold is treated when the first symptoms appear, it is liable to become chronic, causing great discomfort.

The dull ache, sneezing and watery eyes that generally precede a cold are Nature's warning. Prompt measures must be taken if you would prevent the cold making further headway. One of the most effective remedies to accomplish this is

Rexall Cold Tablets

Their prompt use will drive out the ache, reduce the fever and break up the cold. As a protection against colds you should keep a box of Rexall Cold Tablets constantly on hand. 30 tablets, 25c.

Rexall Cherry Bark Cough Syrup

Lessens the irritation and loosens the cough. It is absolutely pure, harmless, and highly effective. Quickly checks the cough and assists natural recovery. Pleasant to the taste. Does not derange the stomach. 25c, 50c and $1.00

THE BALANCE SHEET OF FRIGHTFULNESS

What has a year of frightfulness profited the Hun? We may now ask, and the Kaiser and his Tirpitz may well ask, the question. For the moment leaving out of consideration all profit and loss in morals and in honor and the respect of the civilized world, what has been the advantage gained through the infamous order of a year ago for unrestricted submarine atrocity? It was on January 31, last year, that the German government gave notice of its repudiation of the pledges which it had made after the Sussex outrage of ten months before, and announced that thereafter it would treat international law at sea as a mere "scrap of paper." What has been the result?

Well, in that year, in pursuance of the policy of frightfulness, Germany has destroyed 69 American vessels, with an aggregate tonnage of 71,659 tons. On the other side of the account, America has taken possession of and added to its own fleet 107 German and Austrian vessels, with an aggregate tonnage of 686,494. Instead, therefore, of reducing to inefficiency the American mercantile marine on the high seas, this German policy has resulted in a net increase of that marine by more than half a million tons, or more than 17 per cent of what it was before the war. Again, in destroying that shipping Germany has destroyed the lives of about 600 American citizens including the Tuscania disaster, a grevious loss to us, and an achievement doubtless peculiarly gratifying to the practitioners of Kultur.

But on the other hand, for every one of those lives we have at this moment many times that number of able-bodies fighting men near the battle line, presently to be re-enforced by many others, to take in retribution a multitudinous toll of German lives.

Despite, and in defiance of the insolent Hunnish threat to destroy every vessel we sent across, sent once a week by a route and in a manner especially designed by the All Highest Pirate, we have during the year brought safely through the forbidden danger zone under our own flag more than 25,000,000 tons.

Moreover, as a direct result of that German policy, the United States has been transformed from a passive neutral power into an aggressive enemy that will prove implacable and remorseless until Germany is soundly beaten and Hunnish Hohenzollernism is eliminated from the international economy of the world.

On the purely material side, therefore, we must reckon that the balance sheet of the year of frightfulness is heavily unfavorable to Germany. On the moral side it is wholly so. Never has a great nation lost moral standing before the world with anything like the suddenness and the completeness of Germany. She has substituted "German faith" for "Panic faith" as a term of reproach, and through its application to herself has vastly intensified the execrable significance of the name of Hun. She stands today bankrupt in honor, and an outlaw among the nations. It has indeed been a year of frightfulness. But it has been chiefly frightful for Germany herself.

ELIMINATE POLITICS FROM CABINET

Secretary Daniels, at the beginning of the present year, said that there was only one task worthy of discussion confronting the American people—the task of winning the war. And the American people agreed with him. This is the only business in hand. Congress recognizes it, for, except for a sporadic and unimportant outburst of partisanship at intervals, politics—even the color of politics—should be eliminated from the president's cabinet. As Jefferson said in discussing fundamentals: "We are all Democrats; we are all Republicans"—in our devotion to the principles embodied in the constitution.

Questionnaires sent out to men who have been drafted for the supreme sacrifice do not make inquiry as to the politics of the conscript. He is not expected to have politics while in uniform. Neither should the president's advisers be selected because of political affiliations. We should have a coalition cabinet, composed of the ablest men of all political faiths.

We have no specific quarrel with the personnel of the present cabinet, but, with the possible exception of Lansing, it is a peace cabinet, formed for peace purposes. Merely because they are Republicans, statesmen of the first rank are excluded from official association with the chief magistrate. It is unnecessary to name these men. They will readily occur to every well-informed newspaper reader; and their presence at the president's council board would stimulate confidence in the successful prosecution of the war. England has found it necessary to call men from every school of political thought; so has France and so has Italy. If the war continues for another year this country will have to follow the example of its allies if it expects to get the best results.

Let us have a non-partisan cabinet, and let its personnel be representative of the best intellect of the republic.

The city council is raising the salaries of employes of the city, but nobody is raising the salaries of the taxpayers—not so you could notice it.

"Your Herbs Wonderful"

So said Mrs. Perry, a well known public school music teacher, after drinking Fong Wan's Her Tea for female weakness, and gave the following testimony:

Oakland, March 3, 1917

For about a year I suffered from female weakness. I was bloated, feverish and thirsty, and had frequent hot flashes. My head was sometimes so hot and heavy that I was unable to teach. After having drunk the FONG WAN CHINESE HERB TEA for less than a month, my health is normal again and my work a pleasure.

MRS. M. E. PERRY,

876 Arlington Av., Oakland.

This testimonial is local and authentic and not to be classed with those made up for advertising purposes and dated in inaccessible places. All testimonials printed by us may be easily verified.

SALARIES OF MUNICIPAL EMPLOYES INCREASED BY ORDER OF THE CITY COUNCIL

Henceforth, every employee of the city of Richmond who is receiving a monthly salary of less than one hundred dollars, will receive from the city an increase of $10 per month. Such was the action of the council at the meeting held last night. The raise in salaries of city employees effects stenographers mostly, but there are some of the firemen who will benefit by the increase and also a few policemen. The finance committee estimated last night that the increase will cost the city but a nominal amount by the first of July and then the extra amount of funds can be provided for in the new budget.

No action was taken regarding the proposed new license ordinance. The council finds it a hard matter to fence people out of the town by legislation, so the matter was postponed until some future time.

Harbor Master J. H. Minser and City Attorney Hall were instructed to go to Los Angeles to perfect the exchange of land with the heads of the Santa Fe railroad.

The council refused to let the bars down for raising hogs in the city. The members consider it would be a dangerous precedence to consent to permitting anybody to raise porkers within the corporate limits, so R. E. Hornback must either move out of town or else combat the high cost of living in some manner other than hogs on his 12th street place.

Building permits issued for the month of January, according to report filed by the building inspector, amounted to the total sum of $23,429. Fees collected during the period amounted to $67.40.

I. E. Marshall reported to the council that the amount of taxes and moneys received from all sources during the month of aJnuary was $23,869.46.

According to a report filed last night by City Auditor James A. McVittie, there yet remains in the harbor improvement fund the sum of $16,445.13. Thre is a total cash balance in the treasury of $170,986.69.

The city pound transacted but a small volume of business during the past month. Thirty-four stray doge were captured and put to death during January.

Fines collected during the month last past by the police magistrate according to a report filed by the police was $121. There were 49 arrests and 45 convictions. One was discharged by the court and three are still pending.

Three hundred and eleven days were put in on the streets by the employees of the street department, according to a report filed by H. D. Chapman, city engineer and ex-officio superintendent of streets. This work cost the city the sum of $1,227..

George Wall, one of the large realty owners along Potrero avenue, told the council last night in a communication that he would protest the improvement of that thorough fare at this time. He is in favor of street improvement, but does not consider the time is ripe for the improvement of Petrero avenue.

An application from interested property owners for a light at State and Seventh streets was filed and referred to the committee on lights.

The city engineer filed a report last night recommending that State street be improved from Pullman avenue to a point where the street is already improved. He was directed to prepare plans and specifications for the work with concrete base and asphalt wearing surface.

The license of the Stege Bar was transferred from Harry McNeill to Charles Unge, on recommendation of the license committee.

Mrs. Lee Adams tendered her resignation as trustee of the Richmond Public Library and Mrs. Elizabeth H. Cramer was appointed to fill the vacany. Mrs. Adams and her husband are going to move to their ranch in Fresno county to reside permanently.

CALIFORNIA-WYOMING OIL CO.

A co-operative company, organized under the laws of the state of California, has acquired 46 acres of proven oil land one and three-fourths miles from Greybull, Wyoming. This tract is plotted into lots 20 by 30 feet, which sell for $30 each, $7.50 cash, and the balance $7.50 per month. The purchaser receives a deed on final payment. Each lot has a pro rata interest in all oil produced on the tract. The wells of this district average about 300 bbls. per day of high gravity oil. One well on our property, producing 300 bbls. per day, would pay each lot owner several times the cost of his lot the first year.

We have every reason to believe we will get a good well. Will you take a speculative chance and buy a lot?

PETROVA PICTURE DELIGHTS BIG AUDIENCE AT RICHMOND

A new Petrova, with more power and emotional strength and with a vehicle of expression which fits her peculiar dramatic talents is in "A Daughter of Destiny," showing for the last time tonight at the Richmond Theatre. The play is one of many high class productions showing this month at the big playhouse.

"A Daughter of Destiny," is the first of the plays produced by Petrova in her own studio. As such it partakes of the atmosphere of a different kind of studio from that of other productions, one which carries the audience into a realm of intrigue and love without superior in modern picture performances.

Commencing tomorrow and for two days Lina Cavalieri will be shown in "The Eternal Temptress." Cavalieri is recognized as the world's most beautiful woman.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinray disorders crome from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage, stop eating meat and get about foru ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

NOTICE OF TRUSTEES' SALE

Whereas, George E. Duke and Margaret E. Duke, did make, execute and deliver a certain Deed of Trust, dated Nov. 11, 1915, to Mary A. Cross and Hattie M. Muller as trustees for the benefit and security of Emma F. Riley, which said Deed of Trust was recorded in the office of the County Recorder of the County of Contra Costa, state of California, on the 18th day of November, 1915, in Volume 256, of Trust Deeds at page 224, which said Deed of Trust is hereby referred to and hereby made a part of this notice; and

Whereas, said Deed of Trust was made, executed and delivered as security for the payment of a certain promissory note made, executed and delivered by the said George E. Duke and Margaret E. Duke, to Emma F. Riley; and

Whereas, default has been made in the payment of said promissory note, according to the terms thereof; and whereas demand has been made by the said Emma F. Riley upon the said trustees, Mary A. Cross and Hattie M. Muller, to sell the real estate described in said Deed of Trust, under the power and authority conferred upon said trustees in said Deed of Trust, to satisfy the indebtedness secured thereby;

Now, therefore, in accordance with the terms and under the authority of said Deed of Trust and in compliance with the said demand, the undersigned, Mary A. Cross and Hattie M. Muller, as trustees, does hereby give notice that on Saturday, the 16th day of February, 1918, at the hour of 12 Noon, of said day, on the premises, they will sell at public auction to the highest bidder for cash in United States Gold Coin, the following described real property, namely:

Being Lot Number Twenty-one (21) in Block Number Six (6), "Key Tract to the City of Richmond," as said lot and block are delineated and so designated upon that certain Map entitled "Key Tract to the City of Richmond," being a portion of Lot No. 68 of the final partition of the San Pablo Rancho, Contra Costa County, State of California.

Terms of Sale—Cash in Gold Coin of the United States, fifty per cent payable at the time of sale; balance upon delivery of deed, and if not so paid, the said fifty per cent to be forfeited and the sale shall be void. Title to be subject to all mortgages and other liens superior to the said Deed of Trust.

Dated thi s2th day of January, 1918.

MARY A. CROSS,
HATTIE M. MULLER,
Jan 15-22-29 Feb 5-12 Trustees.

NOTICE OF TRUSTEES' SALE.

Whereas, Georgia B. Chappelle and H. B. Chappelle (her husband), did make, execute and deliver a certain Deed of Trust, dated March 15, 1916, to Mary A. Cross and Hattie M. Muller as trustees for the benefit and security of Emma F. Riley, which said Deed of Trust was recorded in the office of the County Recorder of the County of Contra Costa, State of California, on the 17th day of March, 1916, in Volume 262 of Deeds at page 326, which said Deed of Trust is hereby referred to and hereby made a part of this notice; and

Whereas, said Deed of Trust was made, executed and delivered as security for the payment of a certain promissory note made, executed and delivered by the said Georgia B. Chappelle and H. B. Chappelle (her husband), Emma F. Riley; and

Central Station Power Facilitates Production

War's demands on industry call for increased speed in production and an output many times above normal.

Government contracts for munitions, supplies, equipment, etc., are taxing the capacities of factories, large and small.

Labor, materials, fuels—all at present place before the manufacturer a series of gigantic problems never before equalled in the industrial history of this nation.

Many manufacturers are benefiting largely through the use of Central Station Power. In scores of industries it has proved its ready adaptability to the extraordinary demands of war time production.

Investigate today its particular advantages from your standpoint.

The services of our Electrical Engineers await your telephone call. 'Phone 115.

POLITICAL GOSSIP AS HEARD AT COUNTY SEAT

THE political wise man of the Martinez Gazette calls attention to this being a county campaign year and he furnishes a batch of county gossip calculated to inform the people generally just what is going on among the aspirants for political jobs, which may be more or less accurate. Here is what he tells the voters:

Three Out for Sheriff

First of all, in the Sheriff's fight, the incumbent, R. R. Veale, the veteran of many victorious campaigns and many years service, will be a candidate to succeed himself. It is doubtful if he has told any one so in as many words, but there's no question but that he will seek to remain where he is for another four years. There's only one Sheriff in the history of the state who had more years to his credit that has the "Little General," he being San Joaquin's old time Sheriff, Cunningham. Against Veale there are J. C. Malcolm, wealthy bean grower of the Bethel tract and James P. Arnold.

Malcolm was the first to announce himself and has been campaigning for several weeks now. He is a member of the County Council of Defense and once upon a time in the old Veale ranch where Sheriff Veale in years gone by followed the plow.

Arnold, as everyone knows, is from Richmond, where he is captain of the Standard Oil Guards and of which city he used to be chief of police. He got the political bee in his bonnet four years ago and sought to displace Veale, but was unsuccessful by a heavy majority.

Then, too, the name of Mayor E. J. Randall of Concord was mentioned at one time, but Randall has definitely announced himself as a candidate for Supervisor.

Mayor W. L. Lane of Richmond is said to be perched on the fence, undecided whether he will run for Sheriff or Supervisor.

It is said that Zeb Knott, supervisor of District No. 1 would like to be the chief of the county's police department, but it is most likely that he will stay where he is and run again for Supervisor.

District Attorney

District Attorney T. D. Johnston will be a candidate to succeed himself and is already devoting such time as he can spare from his office to appraising all of his many friends of this fact.

Henry V. Alvarado, district attorney for two terms, retiring in 1910, will be a candidate once again for the office in which he was succeeded by the present Judge of Department No. 2. It is said that if Alvarado is elected that Clare D. Horner, erstwhile candidate for Assemblyman on the Democratic ticket, and at present chief clerk of the Martinez Exemption Board, is to be his chief deputy and James F. Hoey, deputy tax collector, will grab off the second deputyship in the office.

Wilbur S. Pierce was mentioned at one time as a possibility, but he has given up all thought of running it is said and will support Johnston.

Lee D. Windrem, a member of the Richmond Exemption Board, also has his ear to the ground and an announcement of his candidacy for this office may be expected any day.

How About Coroner?

What's going to be the situation in the Coroner's fight? Dr. C. L. Abbott the incumbent is now in the army stationed at Camp Fremont and it looks like there is little chance of his being back home in Richmond in time to make a campaign for the office which he has held for a number of years.

Bert Curry of Richmond will probably run again and the name of Dr. Manuel L. Fernandez of Pinole is mentioned, but to date neither has committed himself.

Calahan to Run Again

William E. Calahan, of Antioch will be a candidate once again for member of the Assembly from this county. Thus far there is no one to say him nay, but the name of F. J. Hulanjski, Richmond publisher, is mentioned. "Hulie," however, has thus far steered clear of committing himself.

Supervisor District No. 3

In this, the Third Supervisorial district, Vincent Hook, as previously announced in these columns will not seek public office again. Mayor E. J. Randall of Concord is the first avowed candidate, but it is very probable that Mayor J. E. Colton of Martinez and City Trustee and ex-Justice of the Peace C. H. Hayden will ere long make formal announcement of their desire to serve the people of this district.

Joseph Williams, Jr., of Concord has not been definitely heard from, but it is believed that he will run. Then too it is said that certain interests in the vicinity of Walnut Creek are endeavoring to prevail upon Armand Stow to enter the political arena.

Among the Rest of 'Em.

In District 1, Zeb Knott, so far as can be learned will have no opposition unless Mayor Lane elects to seek this office instead of that of Sheriff.

There will be no vacancies to be filled on the bench of the county this year, Judges R. H. Latimer and A. B. McKenzie both running in 1920.

To date no one has come out for the County Clerk's position and it is extremely doubtful if any one will seek to displace Jasper H. Wells, recognized the most efficient County Clerk in the state.

Downstairs there are J. R. Baker, treasurer; M. H. Hurley, recorder; A. N. Sullenger, auditor; M. W. Joost, tax collector and W. H. Hanlon, superintendent of schools who will also be candidates to succeed themselves and thus far there have been none, so far as can be learned who have considered or are considering to oppose them.

Still further down stairs George O. Meese, assessor, and Ralph R. Arnold, county engineer, will be candidates to succeed themselves and they'll probably both be elected without opposition.

INSANE WOMAN ASKS TRIAL BY A JURY

MARTINEZ, Feb. 12—Mrs. Harriet Herkner, of Richmond was adjudged insane by the insanity board of the superior court in this city some days ago, but she is not satisfied with the verdict of the bard and has demanded that she be tried by a regularly empanneled and sworn jury.

Accordingly the court ordered the jury and Mrs. Herkner will have her trial tomorrow. The case is attracting considerable attention in all parts of the county.

ALL DAY MISSIONERY MEETING NEXT THURSDAY

Next Thursday, February 14th, there will be an all-day missionery meeting at Calvary Baptist church. The meeting will begin at 10 o'clock in the morning and will continue until 4 o'clock in the afternoon.

In the morning Dr. Geis, a Baptist missionery who has seen much service for the church abroad will speak in the morning and Evangelist Ironsides, of Berkeley, a well known Indian missionery, will address the congregation in the afternoon. Accompanying Evangelist Ironsides will be two young Indian girls from his school who will sing and play.

RED CROWN GASOLINE

A Continuous Chain of Boiling Points

High Boiling Points for power & mileage

Medium Boiling Points for quick and smooth acceleration

Low Boiling Points for easy starting

Easy Starting

Low boiling points do it—the first links in a continuous chain of boiling points. Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage.

Red Crown is a straight-distilled gasoline. Hence there's a continuous chain of boiling points, gradually rising from low to high.

Mixtures cannot have a continuous chain of boiling points. That's why mixtures cannot be as good motor fuel as pure straight-run gasoline. And that's also why the gravity test for gasoline is worthless—gravity tells nothing at all about boiling points, the only real test of gasoline quality.

To make certain of getting real gasoline, and not a mixture, fill with
